Happy New Year!!!

Happy New Year! May your new year be full of prosperity, cheer, love and good health!

Wilmore's Old Fashioned Musical Christmas almost seems like forever ago...for the past 21 years our little town has celebrated a magnificent festival on the first weekend in December. As always, there are so many people to thank. Just mentioning a few will hopefully not hurt anyone's feelings for not being mentioned. Let's start out with the obvious, the Public Works Department who decorated the town, to the musicians who participated, to our Police and Fire Departments who helped block off streets and provide safety and especially to the merchants who so generously opened their businesses to help start our festive season. The musicians perform as volunteers and we are so thankful to be able to continue the tradition in the businesses and at the Grand Finale. To repay our merchants, please continue to "Shop Wilmore" and support their businesses throughout the year. We are so grateful to have the shops and professions that we have in Wilmore!

God Bless & Happy New Year!

**Asbury College
Event II of Artist Series
Friday, January 22, 2010
at 7:30 p.m. in Hughes Auditorium:
Performance of Cantus.**

Recognized as one of America's finest professional male vocal ensembles, Cantus enjoys a vigorous schedule of national tours, subscription concerts in its home of Minneapolis and Saint Paul, educational outreach programs, and recording. Cantus has been identified as "the premier men's vocal ensemble in the United States" (Fanfare Magazine), and was selected as the 2009 recipient of Chorus America's most prestigious award, The Margaret Hillis Award for Choral Excellence. The Washington Post hails the ensemble's sound as having both "exalting finesse" and "expressive power," and refers to their music-making as "spontaneous grace." Featuring nine singers, the ensemble is known for adventurous programming spanning many periods and genres, including chant, Renaissance music, contemporary works, art song, folk, spirituals, world music, and pop. Cantus will be performing for us their Elemental program featuring the energy of the elements and how we connect to the earth. The official web site of Cantus, including audio performances, is: <http://www.cantusonline.org>
A reception after the concert will follow in the lobby of the Kinlaw Library and will include an art exhibit featuring the paintings of alum Douglas D. Mellor (1977). His recent work features thoughtful landscapes rendered in brilliant colors and deliberately ordered compositions. We are honored to have his work on exhibit once again. There is no admission charge for these events and the public is cordially invited. Dress is very nice casual.
